

Wigwam song

1. We need a pole. *A pole?*
Yes in fact we need lots of poles
to put in the holes that we dig in the ground,
because we're going to build a wigwam.
Just how? Watch now and you'll see how!

Chorus

You put the poles in the holes, the pegs round the legs,
put the sheet that will meet round the poles in their holes,
then you tie a piece of rope round the lot and you hope
that the wind doesn't puff and blow just enough
to bring about a terrible disaster.
It doesn't look very safe to me
Just you wait, just you wait and see.

2. We need a peg. *A peg?*
Yes in fact we need lots of pegs
to put round the legs of the poles in their holes,
because we're going to build a wigwam.
Just how? Watch now and you'll see how!

3. We need a sheet. *A sheet?*
Yes in fact we need a big sheet
that really will meet round the poles in their holes,
because we're going to build a wigwam.
Just how? Watch now and you'll see how!

4. We need some rope? *Some rope?*
Yes in fact we need lots of rope
and then we will hope that the wind doesn't puff,
because we're going to build a wigwam.
Just how? Watch now and you'll see how!

Ending

It's looking safer and stronger now!
yes it is, and so you see,
we've built a Wigwam!
